Nordic Summer

The menu you hold in your hand is an ode to summer, celebrating its vibrant and sun-drenched flavours. Summer is the time of peak vitality, when the landscape is in full bloom and the light lingers long into the night.

Nordic summer is a time of endless energy and warmth, where nature is at its most generous. This season is defined by the arrival of fresh wild berries, bursting with sweetness and a tart brightness that only the long northern days can produce. These small treasures are the heart of our inspiration, reflecting a landscape that is finally fully awake.

With this menu, we want to celebrate the brilliance of this radiant season and the simple joy of nature's harvest.

Feel the essence of the summer season with every sip.
